Front-End Developer

# Oleksandr Berezianko

Hi! I'm Oleksandr.  
With the outbreak of the war, I lost my job. I decided to devote my free time to self-development and the study of programming.  
Coming to my skills I know HTML, CSS, SCSS, BEM and JS. My goal is to get a job in international company where I can use my skills and knowledge to deliver good results in the long term.
